

AMS 700 LGX – Pricing & Implant Comparison

Clear guidance on treatment cost, implant types, and value considerations.

Typical treatment costs can vary depending on the implant model, surgeon experience, hospital standards, and package inclusions.

Regional Price Guide

 UK	£13,000 - £20,000+	Higher hospital & surgical costs
 USA	£20,000 - £35,000+	Usually highest overall pricing
 EU	£10,000 - £18,000+	Varies by country & clinic
 Turkey	£7,000 - £12,000+	Often more competitive packages - incl. Accommodation and Transfers

Implant Comparison

Implant Type	Main Advantage	Best Suited For
AMS 700 LGX	Length & Girth Expansion	Patients concerned about shortening & natural feel
AMS 700 CX	Strong rigidity	Patients prioritising firmness
AMS 700 CXR	Narrower / complex anatomy	Specialised cases
Malleable Implant	Simple & easy to use	Patients wanting simplicity

Why Quality Matters More Than Headline Price

Choosing a treatment is about more than just the cost alone.

Experienced surgeons & accredited hospitals

Advanced implant options

Infection prevention protocols

Comprehensive aftercare

Guide prices only. Final costs depend on medical assessment, implant choice, hospital, and package inclusions.
